Company Overview

Robintek is a family-owned website development company and digital agency based in Columbus, OH. We build brand solutions that help your business grow. Since 1998, Robintek has been creating custom-made original websites and development tools. We balance creative custom design with dynamic web programming to help you engage your audience and simplify your business processes.

Search Engine Optimization

Robintek offers Full Service SEO and marketing management services to optimize your online presence. Robintek can manage your local content, listings, social pages, media and analytics. By working with our SEO specialists you can make sure that your business has consistent messaging and branding across all platforms and we can help you leverage your brand's analytics to maximize your business' online performance!

**SEO
MANAGEMENT**

Build your organic social brand!

Are you actively posting content on Facebook, Instagram, Twitter, LinkedIn and other networks for your business? Social media is a great way to reach new and existing customers, and when they look you up, it is important to have recently shared content for them to see. Now more than ever, users rely on your digital presence when making buying decisions and if your feeds are dry, there's a possibility that they'll look elsewhere.

We get it - finding time for this is tough, so we're here to help. Robintek's Organic Social Builder plan will share evergreen content about your business and brand so that your social media feeds are active and robust. This shows interaction that is not only good for customers to see, but good for your SEO as well.

Branding Style Guide Development

Branding guidelines help companies maintain their brand identity through what visual elements the public sees, as well as setting the tone and voice of the company. Presenting a unified brand builds trust and recognition. Robintek can help craft a Branding Style guide for your company that establishes standards for your brand, answers key questions about usage, and serves as a guide for designers.

Key Questions

- In what ways can/should the company logo be used?
- What is the company's tone and personality?
- What is your brand's vision & mission?

Style Guidelines

- Typefaces or Fonts
- Color Palette
- Imagery Guidelines

Creating a logo for your company

Our talented team of brand strategists and designers will work with you to create a custom logo that reflects your brand. All of our logo designs are crafted from scratch for your company, so your logo is as unique as your brand.

We excel in creating intuitive websites, stylish branding, clear identity design & strategic development for business of all sizes. Working as a dynamic complement to your team, we design, build and launch digital solutions that add sustainable value to your business

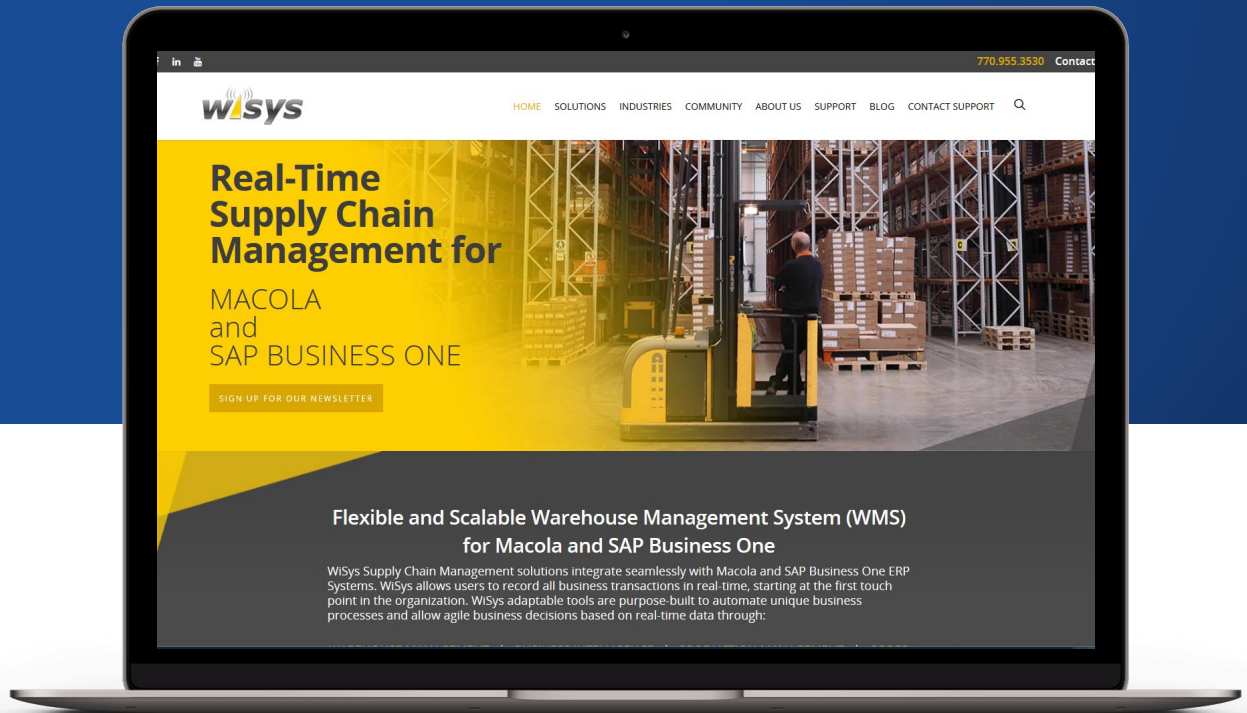

WHAT PEOPLE ARE SAYING

WiSys partnered with Robintek because we needed to improve our companies image. In the past we did everything on our own. Now we have grown and we needed to project a more polished and professional image. Robintek is getting us there piece by piece: Business Cards, Marketing Collateral, Presentations, and Web Site. It's like having 10 people for the price of one full time worker. Never looked back. Go Robintek!"

Bob Hawk, Director of Sales, WiSys

WiSys Supply Chain Management solutions integrate seamlessly with Macola and SAP Business One ERP Systems. WiSys allows users to record all business transactions in real-time, starting at the first touch point in the organization. WiSys adaptable tools are purpose-built to automate unique business processes and allow agile business decisions based on real-time data
